LDMS USER GROUP MEETING

NOVEMBER 6, 2023

AGENDA

- Status of working groups
 - SC'23
 - Best Practices
 - Multi-tenancy
 - Stream Security
- Q & A

SC23 - WORK GROUP NEXT WEEK

- Cancel the Best Practices and Multi-tenancy discussion next week due to SC23
- Documents are hosted at GitHub (<https://github.com/ovis-hpc/ldms-ug/>) and Google Drive.
- To contribute your experiences/user cases/suggestions/etc,
 - Clone the GitHub repository and submit a pull request, or
 - Edit on the Overleaf
 - To request an access on the Overleaf, email Tom (tom@ogc.us)
 - Email your contents to Nichamon (nichamon@ogc.us)
 - Subject "LDMS: <the work group name>"
 - In the content, state the existing section names or files you want to add your contribution to.

BEST PRACTICES

- New document from Cory regarding configuration guidelines and requirements
- New document from Serge regarding failure identification, classification and corrective action

MULTI-TENANCY

- New presentation from Mike S. demonstrating the kinds of analysis/visualization that he would like to support in a multi-tenant environment
- New document regarding tagging
- Use Cases
 - Need additional use cases from LDMS users
 - Jim B. to contribute template following SC23

STREAM SECURITY

OGC

Sandia
National
Laboratories

- The working group has been closed due to consensus that the current security architecture was sufficient

WG DOCUMENT MANAGEMENT

- At most 10 users are supported concurrently with Overleaf
- Need to discuss path forward for Google Docs vs. Overleaf
- Maintain all docs on github with ovis/ldms-ug
- Edit using a combination of Overleaf, Google Docs, Powerpoint, ...
 - During meetings use Overleaf for concurrent editing?
 - Add check in rule that creates pdf from source documents
- Add pointer from readthedocs.io to ovis/ldms-ug repository

SC23

OGC

Sandia
National
Laboratories

- Subgroup face-to-face discussions at SC23?
 - Will publish doodle poll
 - Come by the DOE booth

Q & A

OGC

Sandia
National
Laboratories

- Chris
 - Branches and versioning discussion.
 - Will prepare Wiki page with proposal.
